PUBLISHED WEEKLY BY THE STUDENTS OF THE GEORGE WASHINGTON UNIVERSITY

"How To The Line And Cleave To The Truth"

VOLUME XIV. NO. 16.

WASHINGTON, D. C., FEBRUARY 8, 1918.

FIVE CENTS

ALL SENIORS VOTE FOR MARSHALS TODAY

Twelve Candidates Nominated by Council—All Ballots Must Be in by Tuesday Night—Three Marshals to Be Elected.

The ballot on the last page of this issue should be filled out by every Senior in the University for the election of the Senior marshals who will lead the procession at the February and June convocation exercises. The election starts with this issue and ends Tuesday night at 8 o'clock, when all ballots must be in.

As there had been no names submitted by the students, the Council at the meeting last Tuesday night took it upon themselves to pick out the most representative men in each department to go up for election. It was imperative that the men be chosen at this meeting, as the election must be over before the end of next week.

Only the Seniors may vote in this election and every Senior may vote for three candidates who may or may not be in his class or department. The candidate receiving the greatest number of votes will be the Senior marshal and the two receiving the next greatest number will be the assistant marshals. No ballot will be counted that is not signed with the name and department of the voter.

There were twelve candidates chosen, two from the Columbian College, Law School, Medical School, College of Engineering and the Dental School, and one each from the College of Pharmacy and the College of Veterinary Medicine. The candidates whose names are on the ballot and who are to be voted upon are as follows:

COLUMBIAN COLLEGE.

Victor L. Kebler, member of the Varsity football team, 1917, member of the basketball squad, 1917, and a member of the Chemical Society, 1916. At present he is a member of the Student Council, a member of the basketball squad, and the Columbian College Reporter for the Hatchet.

Howard Scott was a member of the track team, 1917, and the Athletic Reporter for the Hatchet in the same year.

LAW SCHOOL.

Donald D. Shepard is a member of the Columbian Debating Society and the Law Reporter for the Hatchet.

R. M. Norris is a member of the Legal Aid Society and was one of the moving spirits of the Student Council at the time of its organization when he served as the chairman.

MEDICAL SCHOOL.

Edward Lewis was the Assistant Manager of the 1917 football team and the Medical reporter for the Hatchet, 1917.

John H. Lyons was the president of his class in 1915 and was the winner of the Ordreux prize in 1916.

COLLEGE OF ENGINEERING.

Herbert A. Ehrman, Wilbur A. Gersdorff, member of the Chemical Society, 1917 and 1918.

DENTAL SCHOOL.

Henry C. Lowrey was the president of the class of '17.

H. A. Erickson.

COLLEGE OF PHARMACY.
Martin Seymour Schwartz.

COLLEGE OF VETERINARY MEDICINE.

Lawrence Hines, Hatchet Reporter, 1917 and 1918, and Class Editor, 1917.

All ballots must be made out and sent to Elmer Kayser, Graduate Manager of Student Activities, by next Tuesday night, February 12, at the A. and S. Building, 2023 G Street.

CONVEYS THANKS TO PRESIDENT STOCKTON

President Stockton received recently a letter from the Judge Advocate General of the Navy, Capt. W. C. Watts, conveying his thanks for the benefits he received from President Stockton's course of lectures on International Law which was given at the Law School last semester. Besides Capt. Watts, there were six other naval officers who were in President Stockton's class.

PRES STOCKTON GIVES \$5 FOR DEFICIT FUND

Council to Conduct Campaign for Three Weeks to Wipe Out Last Year's Athletic Deficit—Any Amount Accepted.

My Dear Professor Croissant:

I send enclosed five dollars as my share in the payment of the athletic debt.

I will consider it a matter of great personal gratification if the students will rally and wipe off this debt before my departure in August.

Yours truly,

C. H. STOCKTON.

Expressing the desire that the students clear up the athletic deficit before he leaves this summer, President Stockton has contributed \$5 towards an amortization fund. In accordance with the president's wishes the Student Council at its meeting Tuesday night provided for an active campaign to raise the necessary amount.

The campaign begins today and lasts three weeks, closing on March 1. It is to be a most thorough one, and all students will be appealed to. Any contribution from 5 cents up will be appreciated.

The Athletic Committee of the Council, consisting of Victor Kebler, chairman, and Peter J. Donk are the managers of the campaign. Each of the four sororities has been asked to designate two of its most active members to co-operate with the committee from the Council in providing for the collection of the money.

In the desire to institute the campaign without delay, the committee has launched it without extensive preparation, but plans will be completed in a day or so. Until the plans are announced in full, contributions can be paid to Victor Kebler, Peter J. Donk or the graduate manager of activities, Mr. Kayser.

The deficit, which was \$460 at the beginning of the present school year, has been reduced by the sale of football equipment and the receipts of the Student Council dance, held in December, to \$310.

Some money is assured in the remaining Student Council dances, but what this amount will be, of course, cannot be determined.

President Stockton has stated further that he will be willing to contribute \$5 more after the students have put forth every effort to wipe off the deficit.

Here are the figures at the opening of the campaign:

Deficit	\$310.00
In treasury from last year	2.93
President Stockton	5.00
Remaining deficit	\$302.07

PLAYERS POSTPONE ANNUAL PRODUCTION

Big Play Will Be Produced in April Instead of George Washington's Birthday.

The annual play of the G. W. U. Players will be given immediately after Lent this year, instead of February 22, as has been usual in the past. The cause for the change is the inability to obtain a suitable hall.

Last year nearly \$300 was turned over by the Players for athletics, and the hope is that enough will be raised to make good what the Council does not raise by its dances.

The play will be "All of a Sudden, Peggy," which was successfully given in the chapel of the A. and S. building before a small but appreciative audience. The success of their production has led the Players to select it for their annual play before the larger audience which has always heretofore attended.

Lt. Roy O. Garver.

FALL FROM AIRPLANE KILLS FORMER STUDENT

Roy O. Garver, Member of the Aviation Corps, Meets Death in Hospital After Airplane Accident.

The entire student body was shocked and saddened to read of the death of a former George Washington student, Lt. Roy O. Garver, who has been training in England with the Royal Flying Corps. He died recently in a hospital in England from injuries he received when the airplane which he was driving fell from a height of 150 feet.

Lt. Garver came to Washington in 1913, and after graduating from the Y. M. C. A. Preparatory School in 1915, he matriculated at George Washington University in the fall of the same year, entering Columbian College, where he was working for his Arts degree before obtaining his legal education.

He was a cheerful, earnest, hard-working student, and always took an interest in all university activities. He was very popular among his classmates, and a leader among his friends. He was president of the Enosinian Society during his Sophomore year in college. He was also a member of the District of Columbia Alpha Chapter of Sigma Phi Epsilon Fraternity.

As soon as the war was declared last spring he expressed his desire to help out, and he immediately made plans to enter the aviation service. He was appointed student officer in aviation, Signal Corps, U. S. A., in July, 1917, and on August 1, 1917, he was ordered to Ohio State University, Columbus, Ohio, for study. In October he completed the ground school course, being one of the ten honor men of his class, and was ordered to Italy, but he was transferred to Oxford, England, where he went through additional ground training, and since November he has been at the flying school in southern England, at which place the accident occurred.

Roy Olin Garver was born February 12, 1892, at Martinsville, Ill., but spent most of his life at Decatur, Ill., at which place his mother now resides.

DR. COLLIER HERE TO GIVE LECTURE COURSE

Dr. W. M. Collier, who will succeed President Stockton next September, has given his first lecture on "Diplomacy" at the Law School. Although Dr. Collier is here primarily to lecture at the Law School, he is also here to familiarize himself with the administration of the University and to collaborate with President Stockton in the preparations for work next year. To this end he has taken a desk in President Stockton's office at 2101 G Street.

HATCHETITES DEFLATED BY GEORGETOWN 51-18

Snow Prevents Team From Meeting Emmittsburg and Mt. St. Mary's.

MEET C. U. TOMORROW

Rooters Wanted to Help Bring Home Victory—Ticket Sellers Should Make Returns at Once.

George Washington met defeat last Friday night in the game played with Georgetown at the Ryan Gymnasium. When the gong rang, and brought the long, tedious struggle to an end the tally was 51-18, with G. W. on the short end.

The Buff and Blue team was seriously handicapped from the beginning by having several regulars on the sidelines on account of injuries received in other games, besides the disadvantage of playing on a strange floor.

The quint put up a stubborn fight and played a better game than the score would seem to indicate. Several good opportunities presented themselves to G. W., but somehow could not be made to count. On the other hand, Fees and McNulty, of Georgetown, seemed to be able to score whenever they felt in the humor and scored the majority of Georgetown's points. During the second half many fouls were called on both teams.

The team started on its trip to Maryland in good form last Monday in the hopes that they were going to meet Emmittsburg and Mt. St. Mary's and bring home two victories. The team succeeded in getting within seven miles of Mt. St. Mary's, but the train never reached its destination, as the engines could not buck the snow drifts. The men then waited at the

(Continued on Page 2.)

WILL MEET ANY CHANGE IN GOVERNMENT HOURS

George Washington Will Change Hours of Evening Classes If Proposed Congressional Legislation Makes It Necessary.

President Stockton in a recent interview said that the University will be prepared to meet any legislation that is now under consideration in Congress for the increase in the number of working hours for Government clerks.

If the added time is put on before 9 o'clock in the morning and the closing time not changed substantially, there will be no need of change in the hours of the University. However, if the hour for closing is extended any substantial time the University will probably adopt later hours for the evening classes. These classes will probably be changed to meet from 7:30 to 9:30 instead of the present hours, which are from 5 until 6:40.

Although the lateness of the hours will take away valuable time that is used by the students in the preparation of their work at night, there will be one advantage in the new schedule, if made, in that it will give the evening students a recess between their work and their classes. As the proposed changes that are under consideration in Congress will not go into effect until July if passed, there will be no action on the part of the University officials at this time; but they want to let the evening students know that they will be prepared to cope with the situation when it arises, if it does.

FRESHMAN PROM AT RAUSCHER'S TONIGHT

Grand March Will Be Led by Freshman Class Presidents of the Various Colleges.

DANCING NINE TO ONE

Meyer Davis' Music and Green Programs Will Be Features.

The Freshman Prom will be held tonight at Raucher's.

That simple statement contains a vast import for a large proportion of the student body of George Washington, because a very large representation of men and women about college will be in evidence tonight, dancing to the strains of Meyer Davis' orchestra.

The work of putting the prom over in good shape was begun before the Christmas vacation and after the reorganization which made Oscar Styron the chairman of the entire Prom Committee the work has been going on at a rapid rate.

Very good looking programs have been secured. They will be green to correspond with that predominant characteristic of the men in the class that gives the dance. One of our famous college "tea hounds" selected the music for the affair and it is guaranteed to be absolutely the latest, snappiest, jazziest and best on the market. Refreshments, somewhat Hooverized, will be served during the intermission, and the dancing will continue on until 1 o'clock.

The feature of the evening will be the actual promenade, which so seldom occurs at a dance labeled Prom. Charlie Boteler, president of the Columbian College Freshman Class, will lead the promenade and the other class presidents will follow. The march will be around the ball room and then to the refreshments, so it is probable that every couple in attendance will fall in line.

The tickets, costing \$2.50, have not all been sold, so that it is not yet too late to plan to go. Tickets may be secured from English, Burton, Miss Warren and others of Columbian College; from Styron and Riggs of the Engineering School; from Van Wagener in the Law School, and from Machlin in the Medical School.

The Freshman Prom at George Washington takes the place of the Junior Prom or Senior Ball at so many other universities in that it is the largest social function of the college year. All the prominent men and women of college will be there, and the Hatchet will undoubtedly be able to say next week in the words of Ring Lardner, "A good time was had by all."

SORORITY BID DAY WILL BE NEXT SUNDAY

Sunday, February 10, is Bid Day for the four women's fraternities, Pi Beta Phi, Chi Omega, Sigma Kappa and Phi Mu. At the last meeting of the Panhellenic Society, January 25, it was decided that special delivery bids should be mailed by a representative from each fraternity at 9 o'clock Sunday morning. Pi Beta Phi and Phi Mu will give no verbal bids and will hold no intercourse with anyone whom they bid from the time the bids are mailed Sunday until they are accepted or declined on Monday.

In the Panhellenic meeting an effort was made to secure the adoption of a rule providing for a period of neutrality, which has been customary in the past, lasting from the time the bids are mailed Sunday until the following Monday morning. The ruling was not adopted as a unanimous vote was necessary.

GRADUATE MANAGER SUBMITS 1ST REPORT

**Cherry Tree Only Activity
at Offers Favorable Re-
sult — Council, Hatchet,
Players and Basket Ball Re-
ports Incomplete.**

In order that the faculty and students of the University may keep informed as to the condition of the various activities from month to month, Elmer L. Kayser, the Graduate Manager of the University, will draw up a monthly report.

The first of these reports is published below to let everyone see how the affairs stand and to impress upon them the urgency of support to keep these organizations on a good basis. The only activity that gives a favorable report is the Cherry Tree. Of the seven activities four have made no report and two have made only a verbal one that is indefinite at best.

These reports will be published each month as they are made to the Committee and are turned over to the Hatchet.

Receipts.

Manager of Cherry Tree, from President Stockton for Deficit through Professor at \$5; from Treasurer on war- of Chairman of Committee, \$6.50.

Disbursements.

\$5; ledger, \$1.50. Total, Charged to "Administrative s." Covered by amount re- from Treasurer as noted

State of Activities.

Hatchet.—Manager rendered no report. States informally that 35 cents in Hatchet's account, on suggestion, Manager pick up advertising. Formal requested.

Cherry Tree.—Manager submitted which were gone over in detail found to be in excellent. Had something less than \$220. Was allowed the amount of \$200 for first petty cash allow- Has been instructed to send this reports, with gross pro- for period covered.

Players.—Have not heard from Mr. English spoke to me with regard to contracts for perform- Was informed that my ap- was necessary.

Basketball.—Letter received from Will turn over cash when war- on tickets is adjusted. Out- for no deficit. Attendance and spirit at last game very encour-

Glee.—Basketball.—No formal report. Requesting one.

Football Prom.—Have not been with regard to finance or s. Am asking for such in- and suggesting that Deau be kept in touch with plans.

Artistic Deficit.—\$5 received from t. Will co-operate fully in when started. Am directing Van Wagner to pay Spalding dance s. immediately and to advise when done.

Student Council.—No report. Am requesting one at once.

Respectfully submitted,

ELMER L. KAYSER,
Graduate Manager.

CHERRY TREE CALLS FOR MORE MATERIAL

**Be in Before March 1—
Subscriptions Must Be Made
Before That Time Also.**

Material to go in the Cherry Tree must be in the hands of the editor by the end of this month, as the issue will go to press on March 1 or very soon thereafter. All persons who have proofs for the book will facilitate the work on the book very much if they will return these proofs in the near future.

Those who desire to subscribe to the Cherry Tree must sign up before the book goes to press, as the number of copies to be printed will be determined by the number of subscriptions that have been handed in. If your subscription is not in by the time the books are ordered, you will not be able to get one. Subscriptions will be taken by any member of the Cherry Tree staff and by the editorial editors, all of whom are supplied with blanks.

The editor promises that this year's book will be the best of years, containing many pages of intimate snaps, photos, cartoons and the more serious features of a good college annual.

MID-YEAR CONVOCATION SUNDAY, FEBRUARY 17

**Rev. Dr. Birney Will Deliver
Sermon and Dr. Munroe
Will Speak.**

Mr. James Phinney Munroe will speak at the Mid-Year Convocation exercises which will be held in the assembly hall, 2023 G Street, Friday, February 22, at 11 A. M. Mr. Munroe is a vice-chairman of the Board of Vocational Education and has charge of the reconstruction work for crippled soldiers. He is an acknowledged authority on education and has written largely on this topic. His book, "The Educational Ideal," is recognized as one of the best of its kind and shows his profound knowledge of the subject. Mr. Munroe has chosen "What the War Means to Education" as the subject of his address.

The winter convocation sermon is to be preached by Rev. Douglas Putman Birney, D. D., on Sunday, February 17, at 4 P. M., at Gunton Temple Memorial Church, on the corner of 14th and R Streets.

TRYOUTS FOR DEBATING TEAM THURSDAY, 14

**Debate Will Be Held With
Washington and Lee Uni-
versity Early in April at
Lexington, Va.**

The Debating Council announces that preliminary arrangements have been made for a debate with Washington and Lee University at Lexington, Va., in April. The teams will consist of two men each.

The question to be debated is: "Resolved: That the war-time scope of Federal regulation (in principle) should be permanently established for times of peace."

George Washington will support the negative.

Tryouts for the team will be held on Thursday evening, February 14, at 8 o'clock, in the South Hall of the Law School. Candidates will be limited to five minutes each, but may speak on either side of the subject.

It is believed that under rules made several years ago students of the Colleges of Arts and Sciences are entitled to credit toward their degrees for taking part in public debates.

The Debating Council earnestly urges the students to try for places on this team.

Hatchettes Defeated By Georgetown

(Continued from Page 1.)

junction station for over eight hours before a homeward bound train arrived to bring them back to Washington. They arrived here safe and sound as far as their physical condition was concerned, but their dispositions were not improved much when they got to Union Station at 11:35.

Capt. Erdall will be out of the game for about a week because of an injured knee he received at the Georgetown game. Witt, who has distinguished himself by his aggressive playing, is reported as being on the sick list, and Halstead has been out of the game for some time as the result of a sprained ankle, which he received at the Navy game.

With all of these men on the sick list, the team is showing good form at practice because of the work of some capable substitutes, whose list has been strengthened by the addition of several new men who have registered since the beginning of the present term. The line-up for the game tomorrow night against C. U. at the Y. M. C. A. will probably be as follows: Allen, Roberts or Witt, for wards; White, center; Boteler, Kebler or Underwood, guards.

The manager, Charlie Allen, has put in another plea for the student body to be on hand in full force at the game tomorrow night to help the team on with a little encouragement in the way of cheering. This game is very important, as it will be necessary to defeat C. U. to make G. W.'s place at the top of the league more secure.

The manager has also put in a request that all ticket sellers make their returns at once to Ross White, Vic Kebler, Bill Lane or Charlie Allen.

Personals

DENTAL SCHOOL.

The Seniors trimmed the Juniors recently on the bowling alleys, it being a runaway affair all the way through. Bonnet was high man for the Seniors, he having an average of 100.4. A game is expected to be played soon between the Seniors and the Georgetown Seniors.

Popkin has been appointed official sales agent of the Cherry Tree for the Dental College, so subscriptions should be turned in to him.

The Senior Class held its regular monthly meeting last Thursday and among the various matters discussed a dance was proposed. It was passed upon unanimously. The date was not set, but it is expected to be held in the near future.

Dr. Bernhart is back at school with his old pep, but for the gonfalon and everybody is bending their energies towards making that drive successful.

VETERINARY SCHOOL.

Members of the Senior Class took advantage of a clinic given at the Water Street stable of J. Maury Dove Co.

Lt. W. H. Wright, '17, paid us a visit last week. He is stationed at Camp Dix, N. J. Says everything is fine.

Some interesting letters have been received from members of last year's class who are now in charge of veterinary hospitals in France. One of the fellows had his hospital shelled by the Huns and several horses killed.

A large number of the students of the various classes have enlisted in the Medical Reserve Corps.

The Veterinary Medical Association held its regular meeting at the college last Saturday evening. Interesting papers were presented by L. I. Hines on "Salesmanship and Veterinary Medicine," E. W. Price on "Echinococcus Disease," F. Rubino on "Pasteurization," and "R. D. Fribourg on "Hog Tuberculosis."

Joseph Haas, who has been on duty at Fort Washington with the Coast Artillery Company, has rejoined the class.

MEDICAL SCHOOL.

Davis and Joyce, '19, are down with the "chicken pox," as a result of Dr. Ruffin's clinic. Moral: Don't go to clinics.

Anatomy is losing its toxophore group for the Freshmen.

Rumor has it that Hiram Hayes, '20, has joined the long list of Benedicts, and she's from the "Smoky City," too. Barone, '19, has broken Tom Crisp's "wagon" as far as 13th and L Streets is concerned. Oh, these "wife stealers."

Since King has announced his "no more cigarettes as gifts" policy, four men have stopped smoking.

ENGINEERING COLLEGE.

Prof. E. V. Dunstan is on an extensive inspection trip through the Middle West.

G. W. Hodgkin has resigned from the Butler, N. J., High School and is now with the Geological Survey.

H. H. Dutton has resumed studies after an absence of two months.

LAW SCHOOL.

Fred Arber of the Senior Class has received notice from his local draft board to report for examination in connection with the selective draft.

The annual election of Student Marshal will be held in the near future. Remember it is the duty of the Law School to vote, for a law man should be nominated.

Bill Gregg, '16, who has been practicing law in Muskogee, Okla., is in town.

Logan Morris, '17, is a first lieutenant of infantry stationed at Camp Mead.

COLUMBIAN COLLEGE.

Exams. are over—on with the dance for a day or so.

Simpson (formerly of Western, has registered in Columbian College and has joined the basket ball forces.

White and Kebler are carrying black eyes around which they blame on the G. W. game. Poor alibi.

Spring hats are now in style. Ask C. Barclay.

ENGINEER-ARCHITECT MEETING.

The next meeting of the Engineering Society will be held jointly with the Architectural Club. Mr. J. Winmore of the A-B-C Elevator Co. will be the principal speaker of the meeting. Assistant Professor W. D. Halsey will give an illustrated lecture on "The Manufacture and Uses of Ball Bearings." There will probably be a student speaker also.

The usual refreshments will be served by the members of the Sphinx Honor Society.

WITH THE GREEKS

SIGMA CHI.

Since last Saturday the entire chapter has turned Republican because it has been impossible for them to buy coal. A smoker last Saturday had to be postponed on that account.

Two visiting brothers from North Dakota bring us the news that Speed Whelan, late of the Law School, is now a rising young banker in Saint Thomas, N. D.

Brother Frank recently returned from a short visit to the Exemption Board of his home county in New Jersey.

Brother Childs has been forced to temporarily suspend his college work because of his pressing duties with the Food Administration.

Brother Nielsen may now be seen stepping around the campus in the uniform of a chief petty officer.

Brother Underwood was elected president of the Interfraternity Association at their first regular meeting last Sunday.

SIGMA KAPPA.

Bess Ritchie of Rho Chapter, who recently visited Washington, was entertained in the chapter rooms.

Estelle Wills of Rho Chapter has accepted a government position in Washington.

The girls of Epsilon Chapter, who are now in Washington gave a party in the chapter rooms.

KAPPA SIGMA.

Brother Lem Billingsley, who enlisted a few weeks ago as second-class seaman, has just received a commission as ensign. He took an examination a little while ago and passed third out of a total of fifty-four. Bro. Billingsley will be sent to Annapolis in a short time to take a special course before entering upon his new duties.

Bro. H. C. Johnson has left for Princeton to attend the Aviation School there. He has received his commission as a second lieutenant and has just received his final training before active service.

SIGMA ALPHA EPSILON.

Tea was served last Sunday in honor of the men who answered the country's call and have enlisted in some branch of Uncle Sam's service. Mrs. J. P. Earnest and Mrs. C. H. Lane officiated.

Bro. Dwain E. Washburn has received his commission as second lieutenant in the Ordnance Department, and is now stationed at Frankfort Arsenal.

Bro. "Steve" Brody left Monday for the aviation school at Austin, Texas. Bro. Clyde S. Lawrence has passed his aviation examinations and is now waiting to be called.

Bro. Obre of Cornell is now living at the chapter house.

Bro. Lockard, who is in Washington doing some special work for the government, paid the local chapter a visit last Friday night.

A dance will be given for all the S. A. E.'s in town tomorrow night. This dance is being given by Bros. Goltra and Bauman.

SIGMA PHI EPSILON.

Sigma Phi Epsilon was shocked by the sad news of the death of Lieut. Roy O. Garver, who is well remembered by the active chapter for his cheerful activity in student affairs at the University and his bright, congenial personality. Recent letters from him show his fine spirits and interest in his chosen field of aviation. He is the second member of Sigma Phi Epsilon to meet death in the air.

There was a large influx of brothers from other chapters at the chapter house last week-end, twenty-one being "put up" Saturday night. The chapter feels that it is helping Washington's housing problem.

KAPPA PSI.

Bro. Chas. Barone has been appointed relief interne at Garfield Hospital. Letters from Bros. Vestal and Reed, who are now in France, have been received by the local chapter. Their only "kick" is the poor grade of tobacco.

The installation of officers was held Monday night. Following the installation, a buffet supper was served.

THETA DELTA CHI.

H. Janney Nichols, who had been staying at the house for several months, left last week for France.

Bro. Gene Bond dropped in last Sunday to say hello to the active charge.

Fredie Carter, deputy custodian of the archives, while passing through Washington from the South stopped at the house last Sunday night.

Chi Deut is giving a dance at the house Thursday night, February 21.

OMEGA TAU SIGMA.

At the last communication of Epsilon Chapter H. A. Lowe was initiated. Two others were to have been initiated at the same time, but were unavoidably absent. They will get it next time.

KAPPA ALPHA.

Bro. Ralph Henry, who is now in the Marine Corps on duty at Philadelphia, was in town last week.

Bro. Jack Adler, from Kentucky, is now in Washington connected with the Southern Railway.

Bro. John Jeffries, who is now in the Aviation Corps in Florida, will receive his commission shortly.

Bro. Ben Weisblatt, who received his commission at Ft. Myer, is now stationed at Camp Lee, Petersburg, Va.

The chapter received a visit from Bro. Millard last week, who is now "preping" for the Naval Academy.

Official announcement has been recently made of the marriage of Miss Anita Stewart, the film star, to Bro. "Rudy" Cameron Brennan, from this chapter, some weeks ago.

Bro. Pierce Hollingsworth is now a student at the Leland-Stanford University, Cal.

PHI SIGMA KAPPA.

Phi Sigma Kappa is pleased to announce the pledging of James Littlehales, Eng. '21, and Wylie Borum, Law '21.

By the death of Bro. Joseph Barrett, the last living founder of the Phi Sigma Kappa fraternity, every member of the organization sustains a great personal loss. "Pop" was a very capable and diligent fraternity worker, and his absence is keenly felt by us.

Bro. Ira Kelberg dropped in on us last week. "Kelly" is stationed at Camp Meade.

Bro. Stickle of Swarthmore was a visitor recently, and Bro. Jones of Yale was here for a short time, with Bro. Underwood, also of Yale.

The Phi Sigma Kappa service flag contains forty-seven stars.

Bros. Unkles of Stevens Tech. Young of Massachusetts Tech. and King of Union University are with us for a short time.

Phi Sigma Kappa held a smoker on Monday, February 4. The new semester was started off in good style.

Bro. Carl Faist has been ordered to Newport News.

Pledge Danksys has moved into the chapter house.

SIGMA PHI EPSILON.

Bro. Dickson, from Ohio Northern, in Washington on Navy Department work, is staying at the chapter house.

PHI MU.

Miss Loyzelle Callihan, who returned to Washington this fall from her home in Hot Springs, is now taking work for a master's degree.

Phi Mu entertained at a luncheon in the rooms on Tuesday.

Phi Mu is giving a dance Thursday at the home of Miss Catherine Moran.

CHI OMEGA.

Miss Elizabeth Davis, who graduated this fall, expects to leave for Boston soon to attend the Sargeant School.

Miss Elizabeth Davis gave a luncheon in the rooms last Friday.

PI BETA PHI.

Mrs. W. C. Mitchell, nee Polly Hull, is in Washington for a short visit from Stapleton, Staten Island, New York, where she has been with her husband, who is stationed at the Marine Hospital.

The Pi Betas are delighted to have Miss Marie Tunstall and Miss Lazalia MacCaffery back at college again.

Miss Florence Helmick, a Pi Phi from Michigan Beta, was a guest at luncheon last week in the fraternity rooms.

Misses Heloise Lazaro, Elaine Lazaro, Irene Huse, Margaret Prentiss, Beatrice Tart and Leonila Floyd were guests at the Louisiana Society dance given at the Cairo last week.

VALENTINE PARTY NEXT WEDNESDAY NIGHT.

There will be a Valentine party in the Woman's University Club rooms Wednesday evening, February 13. All the women students of the University are invited to be present and join in the fun.

Miss Ann Mitchell will be in charge of arrangements and will have a committee of Freshmen to help her. Watch for the bulletin board notices.

INTERFRATERNITY DELEGATES ORGANIZE

Underwood President, Ash Vice-President and Earnest Secretary—Plans Are Made for Annual Smoker.

The first regular meeting of the Interfraternity Association for the scholastic year was held at the Delta Tau Delta house last Sunday morning after the delegates from the different chapters in college had assembled at the photographers to have their picture taken for the Cherry Tree. The association organized much later this year than ever before, but from the militant attitude of its foremost members it gives promise of doing all in a half year that the organizations of former years have done in an entire year.

The first business of the meeting was the election of officers. Eugene Underwood, representing Sigma Chi, was elected president; Robert Ash, of Theta Delta Chi, was elected vice-president, and John Paul Earnest, delegate from Sigma Alpha Epsilon, was elected secretary.

The main functions of the meeting were the discussions of plans for the Interfraternity Smoker and Interfraternity Prom. Committees on both of these matters were appointed by the president, and the smoker at least will be gotten under way very soon. It is the present plan of the association to entertain the members of the basketball team on this occasion.

At this point it may be well to say that all of the fraternities in George Washington are not represented in the Interfraternity Association. Membership in the association may be petitioned for by non-members, which petitions will be acted on by the respective chapters represented in the association. The outstanding purpose of the association is the furthering of the aims and plans of the University through a greater co-operation and understanding of the different fraternal bodies, and to attain this end it is desirable that all the fraternities in college be represented in the association. Petitions for membership should be addressed to the president, Eugene Underwood, at Columbian College.

The next meeting will be held at the Sigma Alpha Epsilon house on Sunday, February 17, at 11 in the morning.

SPHINX ELECTSOFFICERS

Prize for Freshman With Highest Scholastic Standing Soon to Be Awarded.

The Sphinx prize of \$25 for the Freshman making the highest average in the first semester work will be awarded at the Davis Prize Speaking Contest in the spring was the decision reached at the last meeting of the Sphinx Honor Society, Wednesday evening, January 23.

At the same time the officers for the coming semester were elected because of the fact that Miss Elizabeth Davis, the former president, is graduating with the February class. Miss Lucy Burlingame was elected in her place and Miss Lettie Stewart was chosen secretary-treasurer.

It was also decided that the Sphinx Society would take charge of the Engineering Society suppers for the rest of this year because of the fact that Miss Martha Magrew, who has been in charge of them, will be too busy with government work to do so.

UNIVERSITY MASONS TO GIVE A DANCE FEBRUARY 9.

The termination of the mid-year examinations will be celebrated by the members of the University Masonic Club, at an informal dance Saturday evening, February 9, at 8:30 o'clock, in the Tea Cup Inn, 611 Twelfth Street N. W.

All students of the University and members of the Acacia Fraternity are invited. Tickets are \$1 a couple and may be purchased from Messrs. Blakeley, Harding, Thompson and Farcash, of the Department of Arts and Sciences, J. A. Fray of the Law School, and H. W. B. Stibbs of the Medical School.

The president of the club, J. A. Fray, and his "Troupe de Musiciens Jazze" will see to it that all who are in attendance will s'amuser.

ARCHITECTURAL CLUB.

The Architects held their regular monthly meeting last Tuesday night at the Arts and Sciences Building. The Cherry Tree contract and the joint banquet of the Architects and Engineers, which will be held in the near future, were the principal subjects of discussion.

The Athletic Deficit.

President Stockton is desirous of leaving his office this summer with a clear slate, and accordingly has asked that the students rally and wipe out the athletic deficit which is causing the University some concern, yet which is so small that a small contribution from every student will pay it.

We all greatly appreciate the work President Stockton has done for George Washington, and he has heard our praise. Suppose we do not cooperate with him and carry out his wishes in regard to this matter. Will he not believe us insincere in all our words? Will he not believe that all our sympathy is merely superficial?

Let us show him that we mean everything we say. Let us rally, wipe out the deficit, and put some money in the treasury to prevent another deficit.

The Past and the Present.

The first semester has passed. It has been a semester different from any the University has experienced in its long career. The national conditions have made it a difficult one from many standpoints. In spite of these conditions, we feel that it has been a successful half year.

To the University it has meant progress. A new building has been added to the Arts and Sciences group and you will find many new courses which have recently been added to the long list for the student's choice. The registration, which in many universities has decreased greatly, was a little, but very little, less than it was for the first semester last year.

In student activities we have done unusually well, considering the fact that more than ever this year George Washington has been an evening school. Everyone was gratified with the success of the tug-of-war. We are all proud of the basket ball team, which is leading the Intercollegiate League of the District with only three defeats on its slate—one by the Navy and two by Georgetown, which has the advantage in the number of experienced men carried over from last year. The Players have been reorganized and have given one very good play. The Columbian Debate, the Engineering, the Architectural and the Medical Societies have met regularly and have had very successful meetings. The Women's University Club is larger than it has ever been before and their get-together parties and the Annual Mixer were great successes. The Cherry Tree promises to be of high caliber in every way and the Hatchet—well, if you don't like the Hatchet we want you to tell us so and tell us how you think it can be improved. The Freshman Prom is scheduled for tonight and from all accounts it is going to be the best one yet.

It sounds as if we had an enthusiastic, spirited student body to support as many successful activities as we have named. But it is not the student body as a whole which is supporting these activities. Most students don't seem to care whether the activities which are the life of the school go on or not. One girl who had been in the University three years said the other day that she had heard of the Women's University Club, but she had never bothered to find out what it was. And the girls are not the only ones—there are probably many men who have not bothered to find out what the Engineering or the Medical Societies are doing.

A faithful few are supporting everything and they will not be able to do everything well. In other words, they need your help. Get out and stand back of at least one organization. Among the various activities there is sure to be one and pretty apt to be

more than one in which you will be interested if you will give it a trial. The past has gone and the mistakes of the past should be forgotten unless they will point the way to a brighter present and future. Have you been a slacker in Student Activities? Have you wasted the spare time which you might have used to do your share? Don't be a slacker. Get around and show some "pep." Make the present and the future brighter for those around you, and incidentally for yourself, by taking a co-operative interest in the student life of the University.

Senior Marshals.

The voting on the candidates for the Senior marshals, who will serve at the mid-year and June graduation exercises, begins with this issue of the Hatchet. In President Stockton's speech of welcome to the students last fall he urged particularly that the students should consider the election of marshals and student officers seriously.

This is one of the few honors which the students have the privilege of bestowing on their members and only those students who are truly representative, who have served the University in some real way should receive these honors. It is an empty honor to be elected to an office by students who are uninterested and who think the office and election is unimportant.

Honor only those men who deserve it and this year the men who are Senior marshals will feel that the honor they receive will be a real reward for their interest and co-operation in University affairs.

PLENTY OF COAL, BUT VERY LITTLE HEAT

There's no scarcity of coal, but a woeful lack of heat in the buildings of George Washington University.

Greater G. W. U. requires more boilers than the heating experts realized. When the new building was added, they declared the present heating plant to be ample.

Something was decidedly wrong in their measurements. Classes are meeting in coats and sweaters in 2024 G Street. Professors have had to disperse those in 2027 on account of cold class rooms. The offices on the third floor of 2027 are forsaken for the more comfortable temperature of the library.

The members of the Hatchet staff will be able to qualify for positions on papers in the Arctic regions if the unusual conditions continue, as they are greeted every morning by a temperature that would be fine for refrigerating plants, but not just right for newspaper writers. The staff, however, is determined not to let their work suffer and they may be seen blowing on their fingers after they are frozen to the typewriter keys and wearing their overcoats so that the students will be able to keep track of what is happening.

The Women's University Club rooms cannot be used at all. The pipes in the kitchen have broken and the ice on the window panes tells of useless radiators.

This arctic condition will prevail until another offer is put in. Freight and track conditions make it uncertain when this will be.

TO GARFIELD AND HOOVER

When I think of the days that are meatless,
And the homes that are heatless,
And the meals that are foodless,
My thoughts they are gladless.

But when I think of the sabers that will be smiteless,
And the nations that will be fightless,
And the world that will be warless,
Then my thoughts they are sadless.

EMMA REH TO JOIN GIRL BASKETEERS

Emma Reh, last year's George Washington girl basket ball star, will return to school this semester and will take the place of Elizabeth Davis, one of this year's star players, who will receive her diploma at the mid-year graduation exercises.

The team was to have played Gallaudet Saturday, February 2, at the Y. M. C. A., but the Gallaudet girls failed to appear and no game was played. The games with Bristol have also been canceled because the Government has taken over the Bristol school buildings.

No manager has been secured to take the place of Miss Davis, who leaves this week for Cambridge, Mass., to enter Sargent's physical training school.

"OVER THERE"

ROY GARVER'S LAST LETTER TO A G. W. U. STUDENT

This letter was received from Lieutenant Roy Garver by a George Washington University student a few days before the notice of his death: Royal Flying Corps, Shoreham-by-the-Sea, January 6, 1918.

I can't write the most interesting things, so if this letter seems rather dull, don't think that I am stingy with my information, but we must now be careful about what is contained in our letters, especially from this side. I am full of so much of interest that I dare not tell about, that I fear I will burst pretty soon if I don't get back to talk with someone.

I would like to tell you all about my training over here, but can only say that I am now in an advanced training squadron and making very good progress. I am more pleased with my profession each trip and the other experiences which have fallen to my lot would be envied by a lot of people.

With my Xmas leave I went up into Scotland and certainly did have a "woolly" time. Outside of the U. S. A., I would cast my vote for that place. The most interesting things I saw were Edinburgh Castle, Holyrood Palace, Scott's Monument, Calton Hill, Forth Bridge and John Knox's old home. The city itself is very beautiful and interesting. Was in London night before last on my way down here and saw a real clever farce entitled "A Little Bit of Fluff." Am not so far from London now and can run up for any week-end, but there is quite a large city very near here where they have good shows, so it shouldn't be necessary for me to go to London much.

Have now been from one end of England to the other and if I get an opportunity to see Ireland I will be pretty well satisfied. Then I want to tour France, Italy and last, but not least, "Hunland." I am sure the Kaiser will be glad to see me by that time. Then I can go back.

By the way, I suppose you are cramming for exams about now. Gee, but I envy you. Nix! don't think that I could ever study again. At any rate, give my best to those of my acquaintance. Kennard sent me a picture of the new house and the fellows, which almost made me homesick, it looked so much like 1628. If I don't get to write the boys right away, I wish you would give them my change of address and tell them to send me a Sigma Phi Epsilon journal.

Will probably be here for several weeks at least. Oh, yes, you wished to know my rank. I think that by the time this letter reaches you I will at least have become a first Lieutenant, although at present I am still a cadet. Understand that the recommendations have gone in. However, my privileges then will be no greater than now, but I can at least discard the white band I wear around my hat.

Well, I guess I have about done my bit for this time.

With best wishes for a year of health and happiness,

ROY.

HANCE DENIES ENGAGEMENT.

In the issue of the Hatchet before examination week it was announced that Bill Hance, Eng. '18, was engaged to a Kansas girl. It appears that the engagement was only a rumor that started at Ft. Leavenworth which one of the men stationed there, a former G. W. student, forwarded to the Hatchet. A letter from Bill denies the rumor and the Hatchet wishes formally to correct the statement which it published about the engagement.

Mid-Year Registration Ties C. C. and Law Schools.

Mid-year registrations are coming in slowly but surely and the number of new students entering the University is just about balancing the number of old ones who are dropping out daily to enter some branch of the service.

Columbian College and the Law School at present tie for the lead in the number of new registrants. Up to date these two departments each have enrolled twenty-six new students. The Engineering College has eight registrations to its credit, while the Teachers' College roll has been increased by six new names. The other departments in the University do not take students in the middle of the year.

It is interesting to note that of the twenty-six new students who have registered in the Columbian College most of them are Government employees who will take evening work only.
